A Checklist of Dragonflies and Damselflies of the Gallon Jug Estate

Bruce W. Miller, PhD.
Carolyn M. Miller, MSc.
Gallon Jug, Belize

November 2009

The data for this list was compiled by Bruce W. Miller and Carolyn M. Miller. The list is based on surveys conducted on the Gallon Jug Estate by Jan Meerman and Tineke Boomsma and from identifications of specimens sent to them. This list of 71 species is arranged by family, then alphabetically by species. Most species do not have common names. Noteworthy is the species ***Telebasis boomsmae***, collected by Tineke Boomsma on the Gallon Jug Estate. This is the type locality for this species that was discovered here as new to science. Below are a few selected references for additional information on odonata in Belize.

Boomsma, T., and S. W. Dunkle. 1996. Odonata of Belize, Odonatologica 25**:**17-29.

Garrison, R.W., 1994. Telebasis boomsmae spec. nov.. a new damselfly from Belize (Zygoprera: Coenagtionidae). Odonalologiea 23: 277-282.

This checklist prepared by Bruce W. Miller and Carolyn M. Miller November 2, 2009, Gallon Jug.

Family	Species
Aeshnidae	*Anax junius*
Aeshnidae	*Gynacantha helenga*
Aeshnidae	*Gynacantha nervosa*
Calopterygidae	*Hetaerina occisa*
Calopterygidae	*Hetaerina titia*
Coenagrionidae	*Acanthagrion quadratum*
Coenagrionidae	*Argia cuprea*
Coenagrionidae	*Argia frequentula*
Coenagrionidae	*Argia gaumeri*
Coenagrionidae	*Argia oculata*
Coenagrionidae	*Argia oenea*
Coenagrionidae	*Argia pulla*
Coenagrionidae	*Argia translata*
Coenagrionidae	*Chrysobasis lucifer*
Coenagrionidae	*Enallagma novaehispaniae*
Coenagrionidae	*Ischnura capreolus*
Coenagrionidae	*Ischnura posita acicularis*
Coenagrionidae	*Ischnura ramburii*
Coenagrionidae	*Leptobasis vacillans*
Coenagrionidae	*Nehalennia minuta*
Coenagrionidae	*Neoerythromma cultellatum*
Coenagrionidae	*Telebasis boomsmae*
Coenagrionidae	*Telebasis collopistes*
Coenagrionidae	*Telebasis filiola*
Coenagrionidae	*Telebasis griffini*
Coenagrionidae	*Telebasis salva*
Lestidae	*Lestes forficula*
Lestidae	*Lestes scalaris tikalus*
Lestidae	*Lestes tenuatus*
Libellulidae	*Anatya guttata*
Libellulidae	*Cannaphila insularis*
Libellulidae	*Dythemis multipunctata*
Libellulidae	*Dythemis sterilis*
Libellulidae	*Erythemis attala*
Libellulidae	*Erythemis haematogastra*
Libellulidae	*Erythemis simplicicollis*
Libellulidae	*Erythemis vesiculosa*
Libellulidae	*Erythrodiplax fervida*
Libellulidae	*Erythrodiplax fusca*
Libellulidae	*Erythrodiplax umbrata*
Libellulidae	*Idiataphe cubensis*
Libellulidae	*Libellula gaigei*
Libellulidae	*Libellula herculea*
Libellulidae	*Macrodiplax balteata*
Libellulidae	*Macrothemis hemichlora*
Libellulidae	*Macrothemis imitans*

Libellulidae	*Macrothemis inacuta*
Libellulidae	*Macrothemis inequiungis*
Libellulidae	*Macrothemis musiva*
Libellulidae	*Macrothemis pseudimitans*
Libellulidae	*Micrathyria aequalis*
Libellulidae	*Micrathyria atra*
Libellulidae	*Micrathyria debilis*
Libellulidae	*Micrathyria didyma*
Libellulidae	*Micrathyria hagenii*
Libellulidae	*Micrathyria ocellata*
Libellulidae	*Orthemis ferruginea*
Libellulidae	*Orthemis levis*
Libellulidae	*Pantala flavescens*
Libellulidae	*Perithemis domitia*
Libellulidae	*Tauriphila argo*
Libellulidae	*Tramea binotata*
Libellulidae	*Tramea calverti*
Libellulidae	*Tramea onusta*
Libellulidae	*Uracis imbuta*
Megapodagrionidae	*Heteragrion alienum*
Protoneuridae	*Neoneura amelia*
Protoneuridae	*Neoneura paya*
Protoneuridae	*Protoneura aurantiaca*
Protoneuridae	*Protoneura cupida*
Protoneuridae	*Psaironeura remissa*
